Preben Gramstrup – CV

Emmasvej 22

DK-2820 Gentofte

Denmark

Cell: +45 23 20 27 45

E-mail: preben@fm3.dk

Core qualifications

My core qualifications are concentrated around four themes gained in Denmark and abroad

- Comprehensive management experience
 - Management at all levels
 - Change management and turn-around
 - Management of cross cultural and multi skilled teams
 - Coaching for success, improvement, and development
- Professionalism within Facilities Management, engineering, construction and real estate
 - Work knowledge from all parts of the industry as consultant, contractor, client, facilities manager and real estate manager
 - M&A of real estate portfolios
 - Project management and site management
- Extensive business knowledge
 - Setting clear strategic goals and targets
 - Creating and developing organisations and company structures
 - Director/CEO experience with P/L responsibilities for companies with a turnover of DKK 400 millions, 120+ employees and assets of DKK 1.500 millions
- Clear communication and experience in marketing and PR
 - Experienced key-note speaker national and international
 - Develop and execute marketing, sales and communication strategies and plans
 - Media contact with journalists and editors
 - Excel in punch lines and in translating complicated technical lingo into everyday straightforward language

Additionally, I participate as an active board member, and I have a broad interest in IT, art, environment, and social affairs.

Personal values and goals

My personal values are excellence, leadership, and integrity.

I work to support and help others to succeed and to create working environments for colleagues and teams in which to improve and develop.

My drive is curiosity and setting high goals where changes are sought as interesting and a condition for success.

My contribution to a company

Strategic outlook, inventive, and resourceful.

Knowledge and skills to create business plans and to execute them.

Profitable growth and increased profitability.

Coaching and empowerment of people for their growth in knowledge, motivation, and commitment.

Jobs
